

MARUTI ENGINEERING WORKS

PRODUCT CATALOGUE

Precision Industrial Rubber & Moulded Components since 1991

CORE CAPABILITIES:

- High-Integrity Flange Gaskets & Seals
- Standard & Custom Elastomeric Washers
- Rotary Shaft Oil Seals & O-Rings
- Anti-Vibration Mechanical Components
- Custom Moulded Engineering Rubber Parts

ISO 9001:2015 CERTIFIED FACILITY

Umiya Industrial Zone-2, Ribda, Rajkot, Gujarat, India

Web: www.marutirubber.com | Email: marutirubber@gmail.com

ABOUT MARUTI ENGINEERING WORKS

Founded in 1991, Maruti Engineering Works (MEW) has been a leading manufacturer of technical rubber components, gaskets, and customized elastomer solutions. Operating from our state-of-the-art facility in the Ribda Industrial Zone near Rajkot, Gujarat, we cater to automotive, water filtration, agricultural, and chemical process piping industries globally.

Infrastructure & Testing Lab

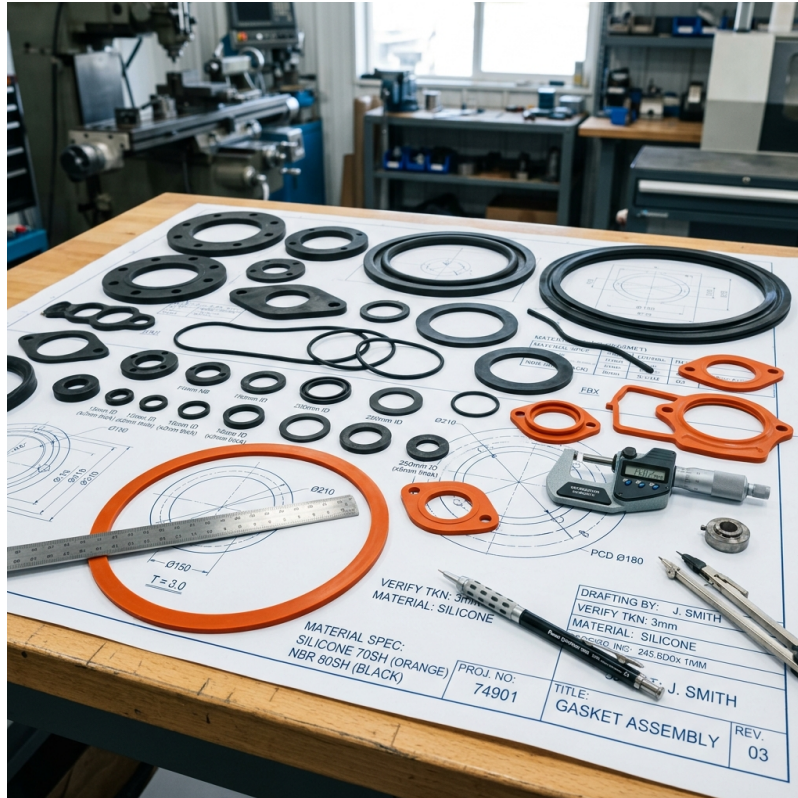

- Modern VMC Tool Room for custom mold design and manufacturing
- Microprocessor-controlled automatic compression presses
- In-house Rheometer & Tensile Testing Machines
- MDR compounding quality control check for batch consistency
- Ozone testing and Cryogenic Deflashing capabilities

Quality Assurance & Stamps

- ISO 9001:2015 Quality Management System Certification
- FDA Compliant Food-Grade Compounds (Silicone, EPDM)
- ASTM, DIN, JIS Standard Specifications Compliance

1. RUBBER GASKETS & WASHERS

High-integrity flange gaskets and sealing washers designed for high-pressure piping grids. Extensively used in piping systems, pumps, and industrial equipment.

PRODUCT SPECIFICATIONS:

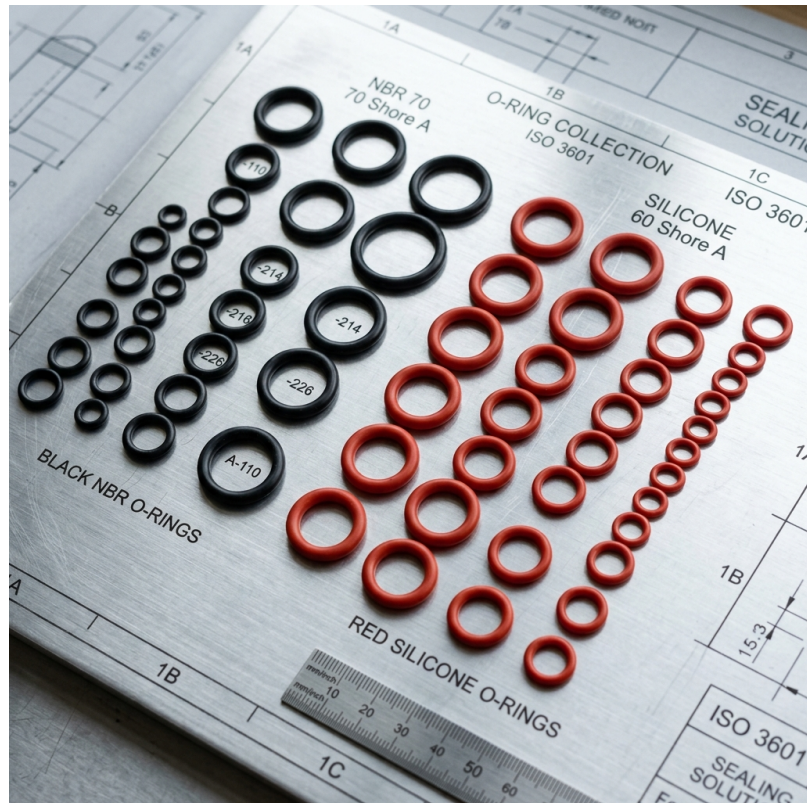

Material: EPDM, NBR, Viton (FKM), Silicone (VMQ), Neoprene

Sizing: Custom dimensions up to 1200mm OD

Standards: ANSI, DIN, JIS, Custom drawings

2. AS568 STANDARD O-RINGS

Precision-molded standard and custom size O-rings for static and dynamic industrial seals.

PRODUCT SPECIFICATIONS:

Material: Viton, NBR, EPDM, Silicone, PTFE-coated

Sizing: Standard AS568, BS1806, Metric sizes

Shore Hardness: 50A to 90A Duro

3. ROTARY DOUBLE LIP OIL SEALS

Heavy-duty dynamic rotary shaft seals with double lip profiles to retain oil and exclude contaminants.

PRODUCT SPECIFICATIONS:

Design: Metal insert (Type TC, SC, TB, SB) with garter spring

Pressure Limit: Up to 0.5 Bar dynamic

Speed Limit: Up to 15 m/s

4. RUBBER BUSHES & MOUNTS

Anti-vibration mechanical bushes and mounts to absorb shocks, isolate vibration, and reduce noise.

PRODUCT SPECIFICATIONS:

Design: Metal-bonded sleeves, engine mounts, silent blocks

Material: High-tensile Natural Rubber, Neoprene

Applications: Automotive suspensions, generator sets, pumps

5. CUSTOM MOULDED PARTS

Tailor-made dynamic engineering rubber components developed precisely from client drawings.

PRODUCT SPECIFICATIONS:

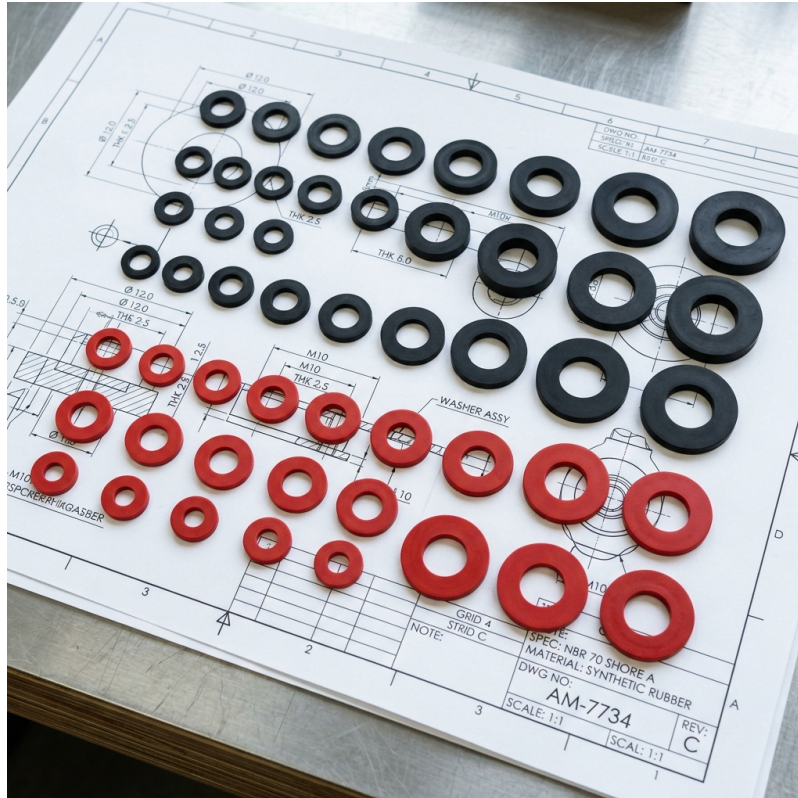

Sourcing: Custom VMC mold design and internal compound blending

Materials: SBR, NBR, HNBR, ACM, FKM, VMQ

Tolerances: ISO 3302-1 Class M1 (High precision)

6. PRECISION WASHERS & RINGS

High-tolerance flat washers, sealing rings, and backup rings for valves and hydraulic assemblies.

PRODUCT SPECIFICATIONS:

Material: EPDM, Silicone, NBR, Polyurethane, Composite

Sizing: Inner diameter from 2mm to 400mm

Applications: Plumbing valves, high-pressure industrial manifolds

7. INDUSTRIAL SEALS & DIAPHRAGMS

Fabric-reinforced or homogenous elastomeric diaphragms for actuator valves and pneumatic controls.

PRODUCT SPECIFICATIONS:

Reinforcement: Polyester, Nylon, or Nomex fabric inserts

Design: Deep-convolution, custom corrugated profiles

Pressure Limit: Up to 10 Bar working pressure

GLOBAL EXPORT & LOGISTICS NETWORK

Maruti Engineering Works exports high-quality industrial seals and rubber components to clients worldwide. Operating from Rajkot, India, we leverage major transport corridors for fast international dispatch.

Primary Export Regions & Hubs

- United States (East and West Coast Ports)
- Germany (European Industrial Clusters)
- United Arab Emirates (Middle East Distribution Hubs)
- Australia (Mining & Agricultural Sectors)
- India (Domestic OEM suspensions & assemblies)

Logistics Pathways

- Sea Ports: Mundra Port & Pipavav Port (Gujarat)
- Air Ports: Ahmedabad Air Cargo & Mumbai Cargo Complex
- Packaging: Custom sea-worthy wooden crates, vacuum sealed bags

QUALITY & REGULATORY ASSURANCE

- ISO 9001:2015 Management System Standard
- FDA 21 CFR 177.2600 Compliant Compounds
- REACH & RoHS Compliant Formulations
